Small	3.7*	28.1	27.9	26.3	9.2*	4.8*

NOTES

1. Statistically significant difference observed using the 5% threshold compared to the other group.

2. Statistically significant difference observed using the 5% threshold compared to both groups.

3. Statistically significant difference observed using the 5% threshold compared to the older group.

* The coefficient of variation is greater than 15% and lower than or equal to 25%. The proportion should be interpreted carefully.

** The coefficient of variation is greater than 25%. The proportion is shown for information only.

NP: This value is not presented since some categories have less than 5 respondents.
