Average consecutive⁴ duration	month	x	x	x	x	x
Males	month	x	x	x	x	x
Females	month	x	x	x	x	x

1. Data for March, the reference month at the ministère de l'Emploi et de la Solidarité sociale (MESS).

2. This rate represents the proportion of adult recipients of employment-assistance in the population aged from 18 to 64 years old.

3. Cumulative duration is the total number of months elapsed since 1975 that an adult has received benefits under the last-resort financial assistance program.

4. Consecutive duration (without interruption) is the number of months elapsed since the most recent eligibility date for last-resort assistance.
