

Kuujuarapik, number of respondents to the census 15 years of age and over having an income, by size of income, 1980, 1985, 1990, 1995, 2000

(N)

Year	Total	\$0 to \$9,999	\$10,000 to \$19,999	\$20,000 to \$29,999	\$30,000 and over
2000	340	95	90	45	95
1995	340	105	95	55	90
1990	360	120	95	55	120
1985
1980	290	145

sources: • Statistics Canada 2001, 1996, 1991c, 1986c, 1981c.

notes: • The income classes used during the 1981 census do not permit an aggregation according to classes in excess of \$10,000, similar to those used in later censuses.
• All the data entered are the aggregate of data rounded off randomly.
