

**Puvirnitug, number of private households, by size of income,  
1980, 1985, 1990, 1995, 2000**

(N)

Year	Total	Under \$10,000	\$10,000 to \$14,999	\$15,000 to \$19,999	\$20,000 to \$29,999	\$30,000 to \$39,999	\$40,000 and over
2000	280	20		35	40	20	155
1995	270	15		35	40	40	130
1990	230	25	20	15	30	25	115
1985	170	40	15	20	30	40	30
1980	..	..	..	..	..	..	..

sources: • Statistics Canada 2001, 1996, 1991c, 1986c, 1981c.

notes: • All of the data entered are the aggregate of data rounded off randomly.  
The total may differ from the aggregate of the columns.  
• During the censuses of 1996 and 2001, the second income class indicated is extended to "\$10,000 to \$19,999".
